TERMINAL DREAM
The Two Homeless Women
2019-08-31

Dear **Yeshua**,

Sunday, 26 May 2019, 6AM.

At about 4:30AM I was awakened from a dream.

I DREAMED THAT:

I was the owner of a house with four bedrooms, one of which was in use by me. There were two homeless women who needed a place to stay.

The first of the two women, who I was already familiar with, asked me if I had a place for her to stay. I thought that with my extra bedrooms we could work something out, so I said; "Yeah, OK. I have extra room."

But then a second lady, who looked like (CS2), who I already knew, asked me the same question, and I stopped and think to myself "wait a minute, do I have enough room for two?" because I thought that not all the spare bedrooms were made up yet for sleeping (i.e. beds made up, dressers, dressing chairs, etc.). Then I thought "well, we can make room", and I figured she could sleep on the couch in the living room or something until the extra bedrooms were setup.

The next thing I know, I am standing next to my S-10 pickup, and the second lady who looks like (CS2) in laying in the bed of the truck, along with a bunch of trash and junk, looking up at me, pleading with me with her eyes to give her a place to stay.

Wanting to be kind-hearted I said; "Yeah, yeah, you'll be all right. You'll get a place to stay".

The next thing I know I'm taking her into the house and telling her that not all the bedrooms are made up, and that there will be some work to do to get one ready.

But when we go into the first bedroom I find that the bed is already set up and the room ready for occupancy. There was a box or two sitting on the already made bed. Otherwise, no real effort was necessary for her to move in right away.

The door to the room is open, so my two little dogs come in and start playing around and jumping on the bed and making themselves at home.

Then the lady who looks like (CS2) starts looking around the bedroom and finds something that she says belonged to her.

"Look", "this my (...)" I didn't hear the detail of what she said, but I knew it had to do with sewing or crocheting.

END OF DREAM.

After dream analysis says that:

The house I owned in the dream was not the house I presently live in. It was a different house. But in the dream it was apparently one of several houses which I owned.

The two homeless women are HR angels, who had been assigned to (CS2), and are now in the Pit per ROE-3. But in the dream they apparently were trying to get me to let them stay at one of my houses.

Before this dream I has awakened at 3:30, but I wanted to go back to sleep, which I did. But when I awoke from this dream I was troubled in my soul. Not as bad as previous dreams, but enough to get my attention.

It should also be noted that in my first audio recording of this dream, I had interpreted the second woman who appeared like (CS2) to be on of her VR (heaVen's Resources) angels, but was corrected by the Lord, who said that both women were HR.

Blessings...
