

Letter 814
A Bible Study On Angels In The New Testament
2019-09-25

Dear **Yeshua**,

The other day I received an email from (CB63) asking me to review and then respond to a YouTube video he had watched. The video was one of Dr. Michael S. Heiser being interviewed on the subject of angels.

Here is a quote from my response in the email exchange I had with (CB63).

"But I can say that I have already heard some discrepancies in the host-interviewers style. Not which makes severe error, but just enough to "spin" the content toward a more "unbelievable" position than either a neutral or believable position.

In other words, the interview is already prejudiced, and skewed toward unbelief, rather giving the benefit of the doubt.

I think I will do my in-depth Scripture research first, and respond accordingly afterward.

Hope we can meet again someday for a meal before the winter sets in. I would be happy to drive up your way, and maybe we can meet "in the middle" somewhere, ..."

What follows is the fruit of my Study on Angels in The New Testament (not including The Book of Revelation).
