

Letter 824
DREAM
Thinking of Pastor
2019-11-07

Dear **Yeshua**,

Wednesday, 12 June 2019, 3:45 pm.

At 4:30 this morning I woke up from a dream. The dream did not have a whole lot of content. In fact, I only remember one thing.

I DREAMED THAT:

I was thinking about Pastor (CB65) of the Church (U27) in (L23).

END OF DREAM.

That was the total content of the dream that I can remember. When I woke up, I was really fatigued and sore.

I had planned on taking my bicycle and bus into town so I could deliver a note to my doctor's office, but it became questionable because after I woke up and cooked breakfast and stuff, I did not have the energy for anything.

Yet the Lord did strengthen me after breakfast, so I was able to journey out of the house and accomplish the task of delivering my message to my doctor.

After that I got home and spent some time with my wife, and ate a little bit of food about noon. Then I felt like I had to take a nap, so I laid down, and I think I slept for about two hours. But woke up still feeling like I hadn't slept, and was fatigued and tired.

This informed me that I had again wrestled with witchcraft, which is the primary job the Lord Jesus has given us to do; that is, to stop and destroy witchcraft.

But even after the nap I'm still feeling like crap, and groggy. It's not the good sleepiness that comes when one sleeps well. All I want to do is go back to bed and sleep. This is from being in conflict, and of course this is what the Lord Holy Spirit already told me.

We had been wrestling on behalf of (U27) Church against forces from HR. Hopefully this will be a good thing for the Church.

Blessings...

R. C. Theophilus
