DREAM
The Evil Bed of SS&P
AUDIO REPORT
Preparing For The Game
2019-11-08

Dear **Yeshua**,

Friday, 14 June 2019, 9:30AM.

This Letter contains both a dream and an audio note report.

I woke up at 4:20 from my alarm. Right before my alarm went off I was dreaming.

I DREAMED THAT:

I was in bed and had just woken up. I saw that I was in a room, and I saw there were other people in the room. Then I discovered there was another person on the bed with me. There was some process where I was either working with these people or they wanted me to work with them.

END OF DREAM.

Post dream analysis says that:

I didn't wake up tired from witchcraft, but I did wake up sore from wrestling. This tells me that it was an enemy from HR of some kind who I was wrestling with.

Typically if a dream has to do with a bed or a bedroom, there is some sort of sexual connotation to it, which there was in this dream. This refers back to the three houses of wickedness: Witchcraft, Sexual Sin and Perversion, and Idolatry (see Exodus 12:18-20).

So I was in the House of Sexual Sin and Perversion, in one of the bedrooms, wrestling with whoever was there. Then I woke up, and that was the course of the dream. I don't remember the details now but I do know that's what kind of a dream it was.

The Lord Holy Spirit had led us to that house, to that particular room, so that whatever people we were with are now gone, and removed from the face of the earth. We cleaned that room out. Kind of like clearing a room in the same way that Special Forces do when they go into a building and they clear out a room. That's what's going on here. It's actually gotten to be kind of routine by now.

But before I went to bed for the night the Lord put it on my heart and my mind to do a little bit of research into Freemasonry. So I went online and got a bunch of links from a Google search and emailed them to myself.

The reason I set my alarm this morning is because I wanted to get out of the house at about 5AM so we could get down to the (L12) Safeway and do some shopping, and get a cup of coffee at Starbucks.

What was interesting is that as I was shopping, I noticed there was a KING-5 news van with its telescoping video dish at the top, and then a bunch of activity inside the store. I also noticed that part of the front of the store was sectioned off for video recording. All this was very unusual for that time of the morning.

I asked the Grocery Clerk who was checking out my purchases what it was all about, and she said something about having a Seahawks day or something like that, and that one of the Seahawks, Bobby Wagner, was going to be there.

So there was a lot of early morning activity with people busy putting all this together, and there was a lot of video equipment, and a lot of the checkout counters had video cameras and lights. It was all really very interesting, with a lot going on.

While we were in Starbucks with my coffee, I listened to Letter 214 audio. This gave me some needed encouragement, because I had been perceiving the House of the Freemasons, and I was becoming troubled from that perception.

Later on we went to another grocery store. As we were waiting in the car for the store to open, the Lord Holy Spirit confirmed that we are indeed going after the gods of the Freemasons.

(NOTE: this Letter is being posted in the eleventh month of 2019. These events occurred in the sixth month of 2019.)

Blessings...
