

Letter 830
Family Reunion
2019-11-14

Dear **Yeshua**,

Monday, 24 June 2019, 7:30M.

Something new came up on my radar, which has to do with my youngest brother.

Yesterday my youngest aunt (P27) sponsored a birthday party for her older sister (P26), who is my next oldest aunt because my mom is the oldest of three daughters.

The Birthday Party was yesterday and a lot of people went from the (C15) side of the family, my brother (CB18) was representing the (C16) side of the family.

I was concerned that there might be Fissures from Hell into the party, so I prayed about it, and the next thing I know angel Gabriel tells me he's going to be there at the party, all night until 9:00PM. So I said "OK, that sounds good". While Gabriel and his associate angel Bruce were at the party, the rest of us had our normal Family TV time.

I was comforted to know Gabriel was at the party taking care of business. One of the confirmations of his presence was that during the party I spoke with both (P27) and (P26) by telephone. (P26) sounded real good, and she said words to the effect that "I know you're here in spirit".

That tells me that Gabriel was there also representing me. Thank You Jesus. I didn't know that part until just now.

(NOTE: the recording stopped at this point. I think this was by accident, because there was more to what I was saying when it came to an end.)

I was later informed by my brother (CB18) that our aunt (P26), sometime after the party, told him that she thought he was a bastard son, due to what she knew about the attitude of her sister, his mother, at the time of his conception. This was news to me, and to my wife, to which (CB18) had confided this story.

But in all of my life with my two younger brothers, there was never any evidence or indication that (CB18) was from a different father.

I find it more likely that, due to the antagonistic relationship my mom and her two sisters had with each other, my aunt (P26) fabricated that story in her own mind (along with help from HR) at the time, and now wants to remember it as having been factual. Without any evidence at all, I take this to be a false allegation and accusation.

Indeed, (CB18) has many of the physical characteristics of both our mothers and our fathers. All the actual evidence points to him being a legitimate son in our family. Therefore, I pay no heed at this time to the story told by our aunt (P26).

Even so, supposing this allegation was true. The Brotherhood (CB18) has in Christ with me and our other sibling brother would abrogate any ill-effect something like this might cause. The Blood of Christ Jesus the Lamb of Yahweh God is Omnipotent, and our Family relationship in Him is Superior to all others, and unbreakable.

(NOTE: this Letter is being posted in the eleventh month of 2019. These events occurred in the sixth month of 2019.)

(NOTE 2019-11-16: last night the Lord reminded me of an event as I was thinking about the allegation of my aunt about my sibling (CB18) being illegitimate. In Letters 503a, 503b, 503c Volume 6, I write about a trip (CB18) and I take together to Astoria, Oregon, the land of our Fathers. While there, we had some time to spend at the ocean beach at Fort Stevens State Park, at the site of the wrecked ship Peter Iredale. I was sitting in my folding chair, while my brother was walking on the beach taking pictures. As I get up to leave, (CB18) returns and introduces me to a man who he had discovered is a second cousin in our father's side of the family. This then was the Lord's way of interdicting what I now have even more reason to believe is a false allegation from our aunt about our Brother's lineage. (CB18) truly is of our Family Line.

Blessings...

R. C. Theophilus
