

Letter 841  
**VISION**  
**"War"**  
**- AND -**  
**End of Year Synopsis**  
2019-12-31

Dear **Yeshua**,

**Tuesday, 31 December 2019, 4PM.**

And what a year it has been. (M) and I have been the recipient of a whole lot of Love revealed by our Father in Heaven, from our Father in Heaven.

In the last part of 2018, in the days and weeks before I retired from employment due to my physical disabilities, at the hospital (G6), I was shown by vision a message.

This vision first occurred in the utility room which was my daily Forward Operating Base in the Surgical Suites area which I cleaned, located on the second floor. Typically I would transport my cleaning cart and trash barrel down from the Third Floor Janitor's closet, and get things set up for the night.

I would keep my lunch bag and other items in the Utility Room for easy access as I needed them. At the end of shift I would have to pack everything up and move my cart and barrel back up to the Third Floor Janitor's Closet.

It was while taking a quick break in the Utility Room, standing at the sink counter that I was shown a vision.

**IN THIS VISION:**

I began to see in spirit-space Yahweh Dad holding an Open Newspaper as if to read one of the inside pages. But from my side of the Paper, all I could see of His face was His forehead over the top edge.

But on the front page of the Newspaper was a single word in large bold type. The headline read:

WAR.

**END OF VISION.**

Over the next few weeks I return to the same vision, and I would see the same Newspaper with the headline of WAR on the front page. But then, every once in a while, Dad would lower the paper just a little so I could see more of His face and eyes.

I could see in His eyes an Unwavering Purpose. His purpose is to save as many as will be save. And this was the War that was being reported on. The war to bring Salvation to All who will receive His Son Jesus as their own Lord and Savior.

Later on the Lord Holy Spirit informed me that the Newspaper which Dad was reading reported about all the people; men and women, boys and girls, who are being saved by hearing the Gospel of Jesus.

When I retired in December of last year from being a janitor, I was hoping that I could also retire from active participation in this war. But that didn't turn out to be the case, at least this past year.

Right off the bat I was retaliated against by HR for removing some evil spirits they had placed at a park (Letter 742). And then there was the visit by two of Moroni's seductresses (Letter 743).

But it was Letter 750 which really set the tone for the entire year. In this dream, I was in the presence of a very strong messaging devices of witchcraft, two Sigils, which had great effect on me for almost the rest of this year.

And throughout the rest of this year, we found ourselves fighting against various spirits of witchcraft and sorcery, sexual sin and perversion, and idolatry.

We were able to persist, being led and empowered by the Lord Holy Spirit to do so, until now, while being made aware by the Holy Spirit of the Absolute Victories which He was leading us to accomplish.

There are at least 51 dreams I had this year which I have documented. But there are at least 50 more dreams I didn't have time to write down. And this doesn't include the rest of the undocumented visions. Most of the dreams and visions were indicative of the wars on witchcraft being waged by Jesus against HR. Our goal is to get all the rest of the dreams and visions documented as soon as possible.

But there have also been "Bright Sides" this year along the way.

First, the Lord led me to new friendships with two Brothers, resulting in the three of us having ongoing email exchanges of ideas and questions. One of the Brothers invited me to attend Church with him and his family on Easter Sunday. That resulted in my becoming a member of his local Church Body, something which I was missing for a number of years.

And then there was the acquisition of my first purchased sidearm, along with a Concealed Pistol License, and a membership in a local shooting range. This has proven to be a worthy Hobby, and a new way for me to be actively alone with our Father in Heaven at the range.

While the Saturday Bible Study across the street came to an end, I was able to meet with one of the Couples who attended there, and share part of my testimony with them regarding the Snoqualmie Valley.

But I think the most important event of this year is the Preliminary Injunction which was given against the upper echelons of HR. See Letters 840 and 840a Volume 9. This I believe will pave the way for much easier operations against HR forces in the upcoming foreseeable future.

And finally, all the financial needs my household have been met this year, just like they always have been, since my marriage to (M).

This is a year where I have been actively grateful for all the fulfillments of Scripture which have taken place in my life to date.

Thank You Jesus. And, to paraphrase Dr. Chuck Missler, Thank You Yahweh Father God in Heaven, for being You.

P. S. Sometime in the middle of this year, I revisited the vision mentioned above. I saw the same Newspaper being held by Yahweh Dad. And as I looked, I saw the letters on the Front Page like I did before. But then the letters in the word "WAR" started appear liquid in nature and began to run down on the page.

As the ink of the three letters in the word "WAR" drained away, I saw another word in bold, large letters being revealed underneath where the WAR used to be. The New Word was:

**PEACE.**

Amen.

Blessings...
